## **Clonduff GAA Club and Inclusion**

Clonduff GAA Club recognises its responsibility towards non-native people and those with disabilities and promotes an inclusive policy in every aspect of its work.

At the moment, there are two children of Polish extraction, two Scottish, three English and one American in our Club. Over the last couple of years we have had three children of the 'settled' Travelling Community, but they have now moved on! A family of African origin have just moved into the Parish and we will be doing all in our power to encourage this family to integrate in the full sense of the word.

Presently, a number of members with varying degrees of physical disability are involved in club activities – as players and administrators, and their contribution is valued and welcomed.

To be in a position to openly encourage and promote the club to people with disabilities we have had a number of our members trained in providing for people with disabilities. It is hoped, in the near future to bring forward proposals which will enable the club to make even better provision towards those in our community with a recognised disability.

Currently Clonduff GAA Club has a lift to transport people from the ground floor to social area on first floor; there are two viewing areas on the first floor and a limited number of seats at pitchside.
