Recommendations to AGM

Can all teams have a refresh of management – a lot of teams have had the same management for a number of years now? Not only is it beneficial for the children to move forward with new management but for the adults too!!!

Marie Grant

At game Time the number of mentors giving instructions to players at young ages should be limited to one at most two mentors.

Conan Power

There should be goals post on all pitches so no need to keep moving them about this saves time on match days and in the long run saves the goals from being damaged.

That end of year celebrations for our Young People be held in the Club with different age groups in all codes attending at same time, eg U10 Footballers, Hurlers, LGFA and Camogie to promote the idea of equality.

Anita Brannigan

In the furtherance of equality, all externally/internally funded events/initiatives for Youth Members, be open to boys and girls across the codes, age bracket.

Anita Brannigan

That we appoint an overall Youth Officer to embrace all codes. Each code to have their own Development Officer in consultation with Youth Officer and other Code Development Officers.

Anita Brannigan

That our annual Cúl Camp revert to mixed Football/Hurling/Camogie Camp so that all the children can avail of experiencing all our field games within the one week and without additional expense.

Motions to National Congress

Allow all ages play tournaments, kids miss this, the excitement of going to tournaments on the bus with all their friends in the hope to win a prize, in my view helps improve their game as they all give 110%; it also bonds the group together in other ways; non-competitive games can't especially if there no prize at the end. Win or lose, in my view tournaments are missed by the kids as can be seen from our last tournament to Derry in which they lost but still talk about the event and the fun they had even though they were disappointed in not winning.
